SYNOPSIS

In “And After This Exile...,” we are invited to take a journey through the memories, joys, and sorrows of the main character. Without a proper name in the story, the author leaves this detail open so that, in some way, we can better see ourselves reflected in the feelings, recollections, and events narrated. The book follows the protagonist as she sorts through the belongings in the house she inherited from her grandparents. Having to open boxes and decide what stays and what will be donated, her memories are unveiled, past feelings previously suppressed pour into her present, and her days are guided by the impending future, marked by the limited time she has to accomplish this task.

ABOUT THE AUTHOR

Liana Guzzo spent her childhood surrounded by stories: the ones she read, the ones she heard from her grandmothers, the ones she learned at school, and the ones she encountered everywhere. Every conversation held a story, and she was always eager to know it.

The desire to narrate the world through words led her to earn a degree in Journalism and later pursue studies in Literature. This is the author's second book, following her debut with Azul muito alto.
