SYNOPSIS

"This Diary Belongs to Dara Castelani" chronicles the extraordinary and unexpected journey of Dara Castelani, a young architect from São Paulo who, alongside her friends, is accidentally transported to Deorum, a realm that at first glance appears to be an idyllic utopia. However, this society reveals itself to be rigidly controlled by powerful "Gods" who manipulate the populace through faith in a mythical "Pandora's Box," supposedly filled with terrible evils. As Dara delves deeper into the secrets of this new world, she becomes entangled in a complex web of illusions and suppressed truths, where creativity and free will are constantly challenged, forcing her to fight to uncover the true nature of reality and find a way back home.
