SYNOPSIS

Initiation to the Fire is a book that narrates images and the subterranean life of a man, born and raised in Inhaúma, who now lives in a cubicle in the Cavalcanti neighborhood, in the Subúrbio of Rio de Janeiro. Amid the comings and goings of his life, the present of this unnamed protagonist blurs with his memories (perhaps invented, perhaps exaggerated) and delusions; through a flow of images and eruptive thoughts, the narrative weaves the fabric of an outsider's life, an existence beyond the contours of civilization.
