SYNOPSIS

In Inside-Out Memories, the author recounts, in an intimate and personal way, her journey to the city of Manaus and to the riverside communities along the Amazonas and Madeira rivers. The narrative casts an inquisitive and curious gaze upon everyday life, raising questions that often go unnoticed: “is memory a comfortable place?”, “how to write about memory when there is no evidence?”, “is it possible to keep talking about memory when there is nothing left?”. Guided by these inquiries, personal memories intertwine with recollections of the city, also intersected by accounts of the military dictatorship period told by people connected to the Amazon. The work invites the reader to immerse themselves in the weight of forgetting and in the importance of a body-place that experiences memory, even if inside out.

ABOUT THE AUTHOR

Anna Baisi is a journalist and writer born in São Paulo/SP. Her work investigates the memories of the body-place, in dialogue with literature, dance, and theater. Inside-Out Memories is her first published book.
